

# THE HAMLIN HERALD

IN 40th YEAR — EVERY WEEK SINCE 1905.

HAMLIN, JONES COUNTY, TEXAS, FRIDAY, JULY 6, 1945

NUMBER 36

## Veterans Who Farm Can Get Preference On Farm Machinery

The Herald has been handed a copy of an order No. 135 which deals with Veterans entitled to get a "Preference Certificate to get New Farm Machinery" if they prove up as actual farmers and need the machinery. We are reprinting only such parts of the Order as may give some idea of what it means. A full copy may be secured at any hardware store or by writing to 815 Texas Bank Bldg., Dallas 2, Texas.

Effective June 25, Veterans of World War II who have served 90 days or more in active military or naval service and who desire to actively engage in farming may apply for and under certain conditions be granted a Veteran's Preference Certificate for the purchase of new farm machinery and equipment.

The Order provides that any veteran who owns a farm or operates a farm as a tenant or who is a sharecropper may apply for a Veteran's Preference Certificate for any item of new farm machinery and equipment. The Order does not provide that any veteran may apply for a Preference Certificate but only those who desire to engage in farming either as an owner, a tenant or a sharecropper. Regulation forms have been prescribed by the Director and will be obtainable from County AAA Committees. The application must be filed with the County AAA Committee in which the equipment is to be principally used. The applicant is required to satisfy the Committee that he has an urgent need for the equipment and that he has made a diligent effort to obtain either new or used equipment to meet these needs and has not been successful.

The County AA Committee is expected to make an investigation to determine the needs of the Veteran and if they find that he is actually needing the equipment applied for, then they will issue to him a Veteran's Preference Certificate.

After the Preference Certificate has been issued, the Veteran may present it to any dealer in new farm machinery and equipment who is doing business in the trade territory where the Veteran's farm is located. He is not permitted to present the Preference Purchase Certificate to a dealer who does not regularly serve the territory in which the Veteran is farming. Dealers can not honor Veteran's Preference Certificates issued by County AAA Committees outside their regular trade territory.

Retailers receiving a Veteran's Preference Certificate are required by the Order to supply the Veteran with the equipment described on the Preference Certificate before supplying the same equipment to any other person not holding a Veteran's Preference Purchase Certificate.

Immediately upon making delivery of an item of equipment to a Veteran, the dealer is required to notify the County AAA Committee by filling in and returning the stub that is attached to the Certificate. The dealer should retain the main body of the Certificate for his files.

One section of the new Order provides: "No dealer shall be required to honor a Veteran's Preference Certificate if the Veteran is unwilling or unable to meet the regularly established price and terms of sale."

CONTINUED ON NEXT PAGE

## Rev. Dan D. Jones Moves To Artesia, N. M.

REV. DAN D. JONES

The Herald regrets to reveal the fact that Hamlin is losing, this week, one of the best loved and valued pastor families anybody's town could wish for. Rev. Dan D. Jones has resigned as pastor of the Hamlin Church of the Nazarene and is moving to Artesia, New Mexico, to become pastor of a church there.

Rev. Dan D. Jones came to Hamlin as pastor of the Church of the Nazarene, in Oct. 1939, thus has served this denomination longer than any minister in its history. Rev. Jones and his wife and three children will call Hamlin "home" for many years. Speaking as one who has occasions to meet and to know ministers, we can truly say that to Ye Editor, Rev. Jones fits a minister's picture as completely as any one could wish for. He has always appeared friendly, humble, interested, sympathetic, and ready with a cheering remark that lifts one out of the fog.

Rev. Jones had the Artesia, New Mexico, call for some time, and it kept growing on his heart till he was fully confident that it was God's will that he give up his Hamlin Church and go. He is happy to feel that he is leaving Hamlin's church without one single bit of friction or embarrassment to himself or any member. He says his new town has about 8,000 population, and his wife joins him in saying, "We may go to a town with more people, but we cannot find a town with better friends and finer people than in Hamlin."

Since coming to Hamlin, Rev. Jones has seen his church buy and pay for a nice six room pastor's home; pay off all debts against the church building; and make many improvements on the grounds and interior. Above all, Rev. Jones feels that the Hamlin church has been greatly strengthened and established on sound and progressive lines. The church has also more than doubled the salary of its pastor since Rev. Jones came.

Now about how the people feel who have not called Dan Jones "pastor." The Herald can truly say that Rev. Dan Jones has worked himself into the hearts of every denomination, as well as his own. He is public spirited, glad to let everybody know "where he stands," and is anxious to do his part to make his home community a better place to live. The congregation he has served so long will miss him, but so will other people. Rev. Jones always found something to say and do for others. The past few years, when it has been so hard to get help in dry goods stores, Rev. Jones has proved

## Cemetery Association Reports On Meeting

Sunday afternoon, July 1, the Hamlin Cemetery Association had a very good meeting when approximately 35 people met at the Bank.

It was decided to appoint a committee to solicit funds for the placing of water mains to the Cemetery. This was done, and the committee will begin work next week. Joe L. Culbertson, the Mayor, met with the group and was very helpful and had the necessary figures to enable the Association to arrive at the approximate amount of money needed to do this.

Also it was voted to contact as many people as possible to determine if the Association can get a stated amount contributed each month to pay for a full time keeper at the Cemetery. The cards of inquiry are being mailed out this week.

Also it was decided to sponsor a Special Clean-Up Day. A detailed announcement will be made about the Clean-Up Day, July 17, in next week's Herald.

In view of the fact that the Cemetery owns ten acres of land in the North Cemetery, it was thought advisable by the majority present to re-fence this plot. It seems some of the neighbors had made use of the fence. The Association will try to get the land leading to this plot from the Aspermont highway graded up and graveled. After that is done, the lots can be used, and perhaps more people will get accustomed to using the "North" Cemetery as well as the "East."

It was agreed that the Association will meet each first Sunday of the month, until all of this business is threshed out.

(More about "Special Clean-Up Day" next week.)

Lennie Greenway, Secretary.

## Moving To Oklahoma

Mr. and Mrs. R. B. Wiar left Monday for Cushing, Okla., where they will make their home for the immediate future.

Mr. Wiar has been Chief Engineer for the Shell Pipe Line Corporation at the Hamlin Station, seven miles north of Hamlin, for the past 16 years. During this time, he and Mrs. Wiar have made a host of lifetime friends in this community. Most of their close friends speak of them as "Bob and Ruby" and in every circle this couple enters, they carry an abundance of joviality with them. Mr. Wiar says he can never forget Hamlin people and their warm friendship, and that no one should be surprised if some day Hamlin will again be their home and permanently. So with this hint, we may hear of them some day coming back, buying a nice home, or building one, and going into some kind of business. Why not?

Hamlin is about as comfortable a place to live as any. If there is something "not so hot" then it is up to the guys who live here and want something better, to go get it. For example, a community-owned hospital. Any way in telling about Bob and Ruby leaving, we had a good "plug" excuse to put in one for our "Od Friendly Hamlin." It is mighty fine for folks to love the place where they have lived so many years.

Miss Phala Davis came up from Fort Worth Saturday to spend a week at home with her parents, Mr. and Mrs. Landon Davis. Miss Davis is attending TCU in Fort Worth. She was accompanied by her uncle, Dudley Kennedy of Dallas, who spent the week end here.

Mrs. Duffield Smith and son, Wade, of Dallas, are visiting her parents, Mr. and Mrs. H. O. Casle.

Stationery in ocean blue, old ivory and quicksilver, monogrammed while you wait, at THE BOOK SHOP.

he is a business man as well as a good preacher. He helped in "pinches" in one of our largest stores and thus again came into direct contact with the public. As he leaves Hamlin, he says this year was his best and he's glad of it. So as this good family goes to Artesia, we may expect the same liberal spirit to find recognition with that fine people and ere long, there will build up the same true Christian love and friendship among the new people.

## TWO LASSETER BROTHERS HELPING TO FORM 'NUT-CRACKER JAWS' FOR JAPS

Interesting bits of history are being recorded from week to week about our Hamlin boys, who seem to be peeking into the four, or the ten, corners of the world, either cleaning up where their victories were won, or where they are whamming the dickens out of the Japs.

The Herald presents two of the grittiest, most determined looking American kids to be found in any corner of the world... they are sons of Mr. and Mrs. Bill Lasseter of Hamlin, kids born and reared in Hamlin, but right now they are a "fur piece" from the "Pied Piper Lot." Right now they are helping to form the "nut-cracker" jaws that will squeeze the big toothed, crazy Japs. They are Tech Sgt. Norman W. Lasseter and his brother, Clarence Lasseter, S. 1/c. To prove that these boys are "closing in" on the Japs, let us tell you the sailor has ranged the Pacific from the southwest, north to Alaska, and is now back looking toward the Japanese home-land; and Norman has pushed up from the jungles of New Guinea to the Philippines. Although the brothers have been in the same campaigns, as far as we know, they have not met.

T/SGT. NORMAN W. LASSETER

A 1941 graduate of Hamlin High School, Norman enlisted in the Air Corps July 17, 1941. He trained at Brooks Field, and Eagle Pass, Texas; Jamestown, N. D.; and McClellan Field, Calif., going overseas in August 1944. He landed in New Guinea where he took part in operations on that island. Later he was sent to the Philippines, and was wounded on the third day of the invasion of Leyte in his right arm and hand. Norman has sent his Purple Heart to his parents and assures them that he is all right. He is now on active duty with the Air Communications Service and is stationed in the Philippines.

CLARENCE D. LASSETER, S. 1/c

Also a graduate of Hamlin High School, with the Class of '43, Clarence enlisted in the Coast Guard on Sept. 6, 1943, shortly after he passed his 17th birthday. He received his training at San Diego, Calif., and left for active sea duty in July 1944. He serves aboard a Coast Guard-manned frigate on duty conveying men and munitions of war through the Pacific sea lanes to advanced combat areas. A veteran of the Morotai and Leyte invasions, he had five battle stars to his credit at last count.

It would be a happy reunion between these two brothers, should they meet out there in the Pacific, but it will be happier, yet, when that reunion happens here in Hamlin with "Mom and Bill," who are justly proud of their soldier and sailor sons.

## Hamlin Soldier Who Died In Jap Prison

PFC. J. D. HAYES

Private First Class J. D. Hayes died June 5, 1942, in a Jap prison camp in the Philippines as a result of cerebral malaria, his parents, Mr. and Mrs. R. C. Hayes, have been informed by the War Department. A sketch of Private Hayes' life appeared in last week's Herald.

## Card of Thanks

We sincerely thank our friends and neighbors for their thoughtful deeds and expressions of sympathy in our sad hours since we received the shocking news of the death of our son and brother, Technician Third Grade Jack Miller. We shall always be grateful for the memories of your kindness which helped to lighten our burden.

Mr. and Mrs. James T. (Pat) Miller and Betty Jane.

## TWIN BOYS BORN JUNE 17

Somebody neglected to introduce two young fellows out at the Plasterco community when they arrived on June 17. Some day, either or maybe both Gary or Larry McWright may be governor or something, and then everybody will be wanting to tell a newspaper, "Look who's come."

Yes, they are twin sons of Mr. and Mrs. J. L. McWright, and both weigh five pounds. Some day maybe 200 pounds.

Children should be introduced.

Mr. and Mrs. G. W. White have returned to their home in the Swedonia community after visiting with their children at Cross Plains and Fort Worth three weeks.

THE BOOK SHOP and the Chamber of Commerce are sporting a brand new, inside and out, paint job. Come and see!

## Report of Jones County Bond Sales, July 2

According to the 7th WAR LOAN report from Stamford, the following figures have been accumulated for Jones County:

ANSON—Quota E, \$175,000.00; Sales, \$229,102.25; making 131%.

HAMLIN—Quota E, \$137,500.00; Sales, \$147,037.50; making 107%.

STAMFORD—Quota E \$312,500.00; Sales \$255,000.00; making 81.6%.

JONES COUNTY—Quota E, \$625,000.00; Sales, \$631,139.75; making 101%. The County's Grand Overall Quota was \$955,000.00, with sales of \$1,408,403.00 or 147%, which shows that old Jones County still has the "stuff."

## Calvary Baptist Church To Have Revival July 20

Beginning Friday night before the fourth Sunday in July (July 20), The Calvary Baptist Church will conduct a revival meeting. Eld. W. H. Day, of Grapevine, Texas, is to have charge of the preaching. Eld. Day is a man of wide experience, having served for a number of years as manager of the Texas Baptist Orphans Home at Waxahachie.

Come and be with us in the services, and bring along your lost friend. You will find a welcome.

Rev. J. W. Cundieff, Pastor.

## Irvin Sanders Died Suddenly Wed. Night

Irvin Sanders, of Anson, Manager of the Hamlin Cotton Oil Mill, died in an ambulance on the way from Anson to Abilene, about 10:30 o'clock, Wednesday night, according to reports coming to Hamlin.

Joe Gallaher, Jr., Assistant Manager of the Mid-West Cooperative Oil Mill, Hamlin, reported that late Wednesday afternoon, he and his wife met Mr. Sanders coming in from Abilene, and that he understood Mr. Sanders was at the home of a brother, talking when he was stricken.

Those who knew Mr. Sanders well, seeing him in Hamlin every day, would judge him to have been a man in perfect health—a big, jolly, hearty fellow, vigorous in business every day. He was once County Commissioner and has figured prominently in farming and finance.

Mrs. Byrd Creekmore, of Houston, is at the home of her sisters, Misses Pearl and Allie Whiteley, and her brother, R. S. Whiteley, to enjoy a few days renewing friendships in Hamlin, her former home. Mrs. Creekmore has been with the city schools of Houston many years and has become one of the most outstanding teachers of South Texas.

A shipment of children's books, just received, at THE BOOK SHOP.

## Mr. & Mrs. Jesse Young SAY 'THANK YOU, FOLKS'

We do not know how to start to tell our friends and customers how much we thank them for helping us make our Cleaning and Tailoring business a success in Hamlin.

We have sold our plant to Mr. Leo Roberts, a fine, efficient, experienced young man, whom we have tried and found able and willing to carry on the quality of work our friends have been accustomed to get at our plant. If we have made a success in our cleaning business, we want our friends to have much of the credit... the support and approval of our customers during the past 25 years has meant far more to us than mere success in business... we just want to say, "thank you," and that's not enough.

We are staying with our dear community of Hamlin, not saying, "good bye," only now we are going to take that long needed rest, right here where the people live we love best.

Your Friends,

MR. AND MRS. JESSE YOUNG

There's nothing slow about our service. We're trying to build up one of the best drug services going, in order to bring you every drug need at a fair price. Our stock is complete, our prices low, our service dependable.

Make CITY DRUG STORE your drug headquarters.

## I GIVE YOU TEXAS

(By BOYCE HOUSE)

"THE FLAG" by Joe Colton  
It's the sun of California  
And the rugged coast of Maine,  
It's the pines of Carolina  
And the covered wagon train,  
It's a bugle call at Yorktown  
And a clipper in the bay,  
It's a rustic bridge at Concord  
And a soldier lad away,  
It's a country's shining glory—  
It's red, white and heaven's blue,  
It's an emblem and a beacon,  
It's the banner of the true.

It's the prairie and the forest  
And the hunter's lonely camp,  
It's a homestead on a hilltop,  
And a housewife's evening lamp,  
It's the joy of good companions  
And a pleasant evening's end,  
It's the happiness of children  
And the handclasp of a friend,  
It's the magic of the mountains  
And the rivers and the sea,  
It's tolerance and courage,  
It's a people brave and free.

It's the kindly deeds of neighbors,  
It's forgetting race and creed,  
It's the good works done together,  
It's a hand for one in need,  
It's a lookout's lonely vigil  
And a worker at his trade,  
It's a heaven for the outcast,  
It's a stout heart undismayed,  
It's the sunlight and the starlight,  
It's the rainbow in the skies,  
It's humanity triumphant,  
It's the grandest flag that flies!

## Farmer Vets.

(Continued From Page One)

or payment for the equipment described in the Certificate."

The Preference Purchase Certificate is for new equipment only. It is NOT up to dealers to pass upon the qualification of a Veteran who may wish to purchase new farm machinery or equipment. His application must be made to the County AAA Committee and if they approve the application they will issue a Preference Certificate. When such Certificates are presented to a dealer they must be honored by him prior to the filling of any order that may be received from any person other than one holding a Veteran's Preference Certificate.

Dealers are required to keep records by retaining in their files the Certificates that have been received for all sales made to Veterans. The Director of the Office of Materials and Facilities in the War Food Administration, or his regularly designated agent, is permitted by the order to make an inspection of the books, premises or stocks of new farm machinery and equipment of any dealer operating in the continental United States.

Dealers are still permitted to make sales of any item of farm machinery and equipment to a Veteran who does not hold a Preference Purchase Certificate if he so desires. The principle effect of this order is that it will give a priority or preference rating to any Veteran who is issued a Certificate by his County AAA Committee. Such Certificates take precedence over any orders placed by anyone not holding a Certificate.

## Classified

**FAIR BEAUTY Peaches** ripe the first two weeks in July. This is one of the very best canners. Some of our old customers prefer it to Elbertas. Price \$2.00 per bushel.

Cpl. Claude Haight, the old boy who can't forget Hitson and his friends around Hamlin, got a furlough from the Lincoln, Neb., Base Hospital to come down to Graham to visit his parents, and came on to Hamlin last Friday just a few hours. S&S

On Wednesday of last week, Pvt. Cledys Griffin arrived from the European conflict. He is one of our Regular Army fellows, being now on his third hitch in the Army...but from all indications, this will be the last hitch for him. However, he has come out fairly lucky. He was sent into France soon after our forces got through Paris. He was in the 606th Tank Destroyer Bn., and he reports that his outfit ran into a sniper who killed eight men and wounded several others—Griffin was hit in the right leg. They finally located the sniper, who turned out to be a French woman who had married or taken up with a German officer. Griffin said their sergeant shot her. Griffin was in the hospital seven weeks before coming home. He will be here 30 days and then will report to Ft. Sam Houston. His wife is the former Miss Carlee Hall.

He joined the Army April 10, 1938, and since his overseas service was short, he has but 74 points. His trip across the Atlantic was on the Queen Mary, on which there were 400 English girls, wives of American boys, and 11 babies. The ship took 43 days and used 1000 tons of fuel oil. He said the "brides" were so segregated on the ship till even husbands could not see their wives, and the ladies were treated like queens. We gathered from this former Plasterco boy that he thinks the French women are good shots.

Griffin's parents, Mr. and Mrs. W. E. Griffin, live at Berger.

S&S  
The Herald has a short V-Mail letter from Kurt Schoemann, saying: "I am on my way to Tokyo. Am aboard a ship the last two weeks, and it still looks like we still have a while to 'sail.' We don't know where we are going, but could not tell you if I did. We made one stop so far. How is everything in good old Hamlin?...would like to be there right now, but guess I'll have to wait a while...hope to get your paper soon, full of good news. Best regards to all—Kurt."

S&S  
S. C. Ferguson, Jr., A. S., who has been spending a leave here with his parents, Mr. and Mrs. S. C. Ferguson, left Sunday for Norman, Oklahoma, to resume his training.

## Pfc. Myrtle Doby and Sgt. J. McGinnis Wed

The Merced Army Air Field post chapel was the scene of a military wedding Friday, June 15, when Sgt. Joseph Clyde McGinnis, of Mitchell, Neb., and Pfc. Myrtle Doby, daughter of Mr. and Mrs. John R. Doby, Route 2, Hamlin, Texas, exchanged vows.

Best man for the ceremony was T/Sgt. Floyd E. Desgrange. Ethel J. Mienietz was maid of honor for the bride who is a member of the WAC detachment at the AAF Training Command's basic flight school in Merced, California.

Chaplain W. R. Rankin officiated at the ceremony.

## About Soldiers--Sailors

Pvt. Doras M. Long, son of Mr. and Mrs. E. M. Long, Rt. 4, Hamlin, came in Thursday of last week from Terrell, Ark., near Memphis, where he is assigned to guard German prisoners. Pvt. Long has been in service 13 months. S&S

The Herald has a nice letter from a Sylvester boy, Ross E. Douglass, CM 2/c, who is on a ship out in the Pacific. Ross says his wife at Sylvester sent him the Herald and it reaches him right along, except is late in arriving. Although Ross does not know many people around Hamlin, he says he reads every word and the ads in the Herald. Say! This is not just a kid sailor—he is a Dad with three boys, and a baby girl whom he has never seen...Gosh, Douglass, thought all "4-Papa men" were to be let out of the service. S&S

Mrs. Effie D. Hodnett, Rt. 1, Hamlin, has been notified that her son, S/Sgt. Leaton W. Hodnett, Battery C, 61st Field Artillery Bn., has been awarded the Bronze Star Medal, and by now, we all remember that means "for meritorious and heroic achievements during combat operations." S&S

John T. Durham drops the Herald a short card, saying, "Well, they finally hauled me out of the Pacific and decided I could go to OCS, so if luck is with me, I shall in due time be one of those notorious shave tails. So please change my address so I can get the Herald." S&S

Richard M. Young, St. M. 2/c, left Saturday for Charleston, S. C., for reassignment, after spending a 30-day leave here with his parents, Mr. and Mrs. R. M. Young of Rt. 2. Richard is serving in the Merchant Marine. S&S

Tollie Fudge, S 2/c, returned on Thursday of last week to his post at Hanover, N. H., after visiting a week with his sister, Mrs. R. E. Dobbins. Tollie has been taking special training at Dartmouth College for the past year, and prior to that, he spent one year in training at Yale University. S&S

Harold F. Newberry, AOM 1/c, was in Hamlin last Saturday and Sunday visiting Mr. and Mrs. I. R. Witt and other friends. He was en route to Corpus Christi, from Pearl Harbor where he was stationed the past two years. He should have given Hamlin a longer "once over," because he has many friends here. Remember the Newberry folks formerly operated the Clover Farm Grocery in Hamlin.

**THE BOOK SHOP** and the Chamber of Commerce are sporting a brand new, inside and out, paint job. Come and see!

We have a letter from S/Sgt. Weldon R. Reynolds, who is in the Philippines, saying he and his brother, Sgt. D. C. Reynolds, who graduated from Hamlin High School in 1940, had met for the second time in the Islands. The first time was on Leyte, and the second on Luzon. He says the next meeting place would please them most if it could be with their parents, Mr. and Mrs. Mack Reynolds of McCaulley. All of us back in old Hamlin and McCaulley will be looking for these two "kids."

S&S  
The Herald is always glad to get a letter from our old soldier friend, Pfc. Thomas J. Butler. He is still in Honolulu, and from his letter he is getting home sick. It is funny how an old boy thinks his old Hamlin is the prettiest place in the world... look at the Hawaiian Island pictures—how pretty! Yet, such fellows as Butler long to get back in old West Texas' dryness and dust. Any way, Butler says there are too many kinds of people there and besides, there are about 300 men to ONE woman, yet they have some women in the services. Butler says they have so many picture shows that when he gets back to Hamlin he will never want to see one again. The Herald is nearly 30 days old when it reaches him, he says, but it is news just the same. It looks as though a big, American MP like Butler could have cornered him a girl in all the years he has spent on the islands. But MP's keep order and to corral all the wild Bill's from this country passing through Honolulu is such a big job a fellow does not have time "to make eyes." Stay in there, T. J. S&S

**WITH THE SEVENTH ARMY, GERMANY**—Technician 5th Grade Vaughan E. Holt, Route 1, Hamlin, is a member of the 736th Ord. (LM) Co. of the 36th "Texas" Division, which has been awarded the Meritorious Service Unit Plaque, "for outstanding devotion to duty in the performance of exceptionally difficult tasks."

The company embarked for overseas duty on April 2, 1943, and landed in North Africa. They were active in operations at Salerno, Italy, Anzio, and during the offensive from Rome and above, the company was cited for its work during the 29 day period.

For his individual contribution to the company's success, Holt may wear the Meritorious Service Unit insignia, a golden yellow wreath, on his right sleeve.

S&S  
Ruben Eugene Essary, S 2/c, has returned to his station at Camp Elliott, after spending a six day furlough with his mother, Mrs. Celia Merworth, and his sister, Mrs. J. L. McWright.

**GOOD YEAR TIRES**

**HARD TO GET...**

**HARDER TO BEAT...**

**GOOD YEAR TIRES**

Sure they're scarce, but it's worth your while to wait a little while (if necessary) for a lot of extra service, extra safety... the extra value you get at no extra cost when you get a Goodyear.

"Yessir, Jim's got a great system"

A GREAT SYSTEM for Jim, that is. But a little unfair to the other swimmers.

Swimming a race or running a business is pretty easy when you don't have to pull your own weight!

Take government-owned electric power-systems, for example. They pay little or no taxes. When they need money, they can call on the U. S. Treasury and get it at little or no interest. If they have losses, why worry? You, as a taxpayer, will take care of that.

Business-managed power-systems do not have these special privileges. They pay their full

share of taxes, pay fair interest on any loans, pull their own weight all the way through.

Fortunately for you and your tax bill, over 80% of all the electric power in this country is produced by tax-paying, self-supporting electric companies owned and operated by millions of Americans.

And how well are these companies doing their job?

Electricity is still available at low pre-war prices. There is enough to meet even the gigantic demands of war. And there will be plenty to help give you greater comfort and convenience in the electric living of the post-war world.

• Listen to "THE SUMMER ELECTRIC HOUR" with Robert Armstrong's Orchestra and guest stars. Every Sunday afternoon, 3:30, CWT, CBS Network.

What does this mean to you? Government ownership of any business is a threat to every American in business. • Whether you run a shop, garage or factory, government ownership means you have a rival across the street who enjoys special privileges at your expense. • He has little or no rent to pay, can borrow money at little or no interest, can keep on operating at a loss—and YOU are called upon to help make up that loss!

## West Texas Utilities Company

Help him get that long distance call through tonight

When you let servicemen have long distance lines from 7 to 10 p.m., you make it easier for some sailor or soldier to reach the folks at home. That's the time when thousands of calls from service men and women go out to all sections of the country.

SOUTHWESTERN BELL TELEPHONE COMPANY

**Penicillin For Civilians**

Approximately 885 billion units of penicillin, equivalent to 8,850,000 vials of 100,000 units of the drug, have been released since March 15, through normal channels, for civilian distribution, WPB announced. Some 220 billion units a month are currently being used for civilian human and veterinary parenteral medication, WPB said. After military requirements and civilian and export parenteral needs are fulfilled, the considerable remaining quantities of penicillin may be made available soon in dosage forms such as tablets, capsules, ointments and dental preparations, convenient for physicians and patients. The initial shipping date for the new forms of penicillin may be August 1.

**Farm Wage Rates Rise To New Highs**

Continuation of the upward trend in farm wage rates to a new record was reported by the U. S. Department of Agriculture. All wage categories were higher than two months ago. Monthly rates averaged \$81.30 with board and \$93.10 without board. Daily wages were \$3.65 with board and \$4.16 without board.

—O—O—

**Extra Gasoline Rations For Service Men**

Additional gasoline rations may now be obtained by service men having furloughs of more than 30 days, OPA Administrator Chester Bowles announced. "Furlough gasoline will still be issued at the rate of a gallon a day," Mr. Bowles explained, "but the 30-gallon limit is being removed for the benefit of released American prisoners of war who get leave or temporary duty assignments for 60 days in this country, and for those members of our armed forces who return from overseas and get more than 30 days leave."

"Service men applying for furlough gasoline rations should follow these three easy rules—1. Apply at any local war price and rationing Board; 2. Bring along the mileage rationing record for the car to be used; and 3. Be ready to show furlough papers."

**Miss Eva Louise Fowler And Carl D. Address Married June 30**

Miss Eva Louise Fowler, daughter of Dr. and Mrs. Paul Fowler, and Carl D. Address, Aviation Chief Radioman, U. S. Navy, son of Mr. and Mrs. William F. Address, were married at the home of the bride's parents on Saturday, June 30. The double ring ceremony was read by Minister Mardell Lynch, pastor of the Church of Christ. Traditional wedding music was played by Mrs. Mardell Lynch, and during the ceremony, she played softly, "O Perfect Love."

Gladioluses in rainbow hues and daisies arranged in crystal vases decorated the rooms.

The bride wore a vanilla beige suit with brown accessories. For something old, she wore a diamond bar pin, belonging to her mother. Her corsage was of picardy gladioluses.

Miss Leone Meadows, of Wichita Falls, aunt of the bride, was her only attendant. She wore a dress of summer print in shades of blue with a corsage of pink carnations.

Lieut. Robert L. Fowler, brother of the bride, served as best man.

Mrs. Address is a graduate of Hamlin High School and John Tarleton College, Stephenville. For the past four years, she has been employed in the Navy Department in Washington, D. C.

Mr. Address graduated from Hamlin High School, and on March 7, 1940, entered the Navy. He has served 22 months in the Pacific theater, and has been on duty in the European theater the past ten months, returning to the States on June 14 of this year, for reassignment.

Following the ceremony, a reception was held for the wedding party and immediate families of the bride and groom. The wedding cake, frosted in white and pink, was served with punch from a table laid with a lace cloth and appointed with crystal. Gladioluses in rainbow hues formed the table decorations.

Mr. and Mrs. Address left immediately for a wedding trip to Denver, Colorado. They will return to Hamlin for a visit before Mr. Address reports for duty.

—O—O—

**Reception Honors Mrs. Clyde R. Angel**

Mrs. Tate May entertained in her home Thursday afternoon, June 28, from five until seven o'clock, honoring Mrs. Clyde R. Angel who has recently come to Hamlin to make her home.

For the occasion, the reception rooms were attractively decorated with gladioluses and other summer flowers in varied hues.

Mrs. W. C. Russell welcomed guests and presented them to the hostess who presented the honoree, Mrs. Angel. Mrs. J. W. Ezell and Miss Janie Mae Johnson led the way to the dining room where Mrs. B. J. Martin poured punch and Mrs. Cecile Saxon, of Abilene, served cakes. Others assisting in serving were Mrs. H. V. Brown, Mrs. Doris Waggoner, and Miss Buna Rountree.

A beautiful cut-work cloth covered the tea table which held an oblong arrangement of fern and gladioluses in pastel shades. Appointments were in crystal and silver.

Mrs. Frank Johnson, of Rotan, and Mrs. Clinton Barrow directed from the dining room to the register which was in charge of Mrs. Onis Crawford and Mrs. Faye Atkinson.

Others in the house party were Mrs. M. P. May who introduced her sister, Mrs. Louis Rector, of McCauley, and Mrs. Delia McIntosh. Goodbyes were said by Miss Lennie Greenway.

—O—O—

Mrs. Louie E. (Buster) Carter, of Madera, Calif., is here to visit her husband's parents, Mr. and Mrs. W. J. Carter. Sgt. Carter is in France, but no one has heard from him since last January.

**'Think on these things'****A Divine Septuple**

For the sake of space, the scripture reading that was given last week, will not be repeated, but before reading what is to follow, please turn and read Eph. 4:1-6. Last week we gave our attention to the one God, the one Lord and the one Spirit of the above passage.

With these three mentioned, we now pass to the earthly phase of the religion of Jesus in the remaining four things that are mentioned in Paul's summary. Let us take the one faith. He said there is one faith, just as he said there is one God. What is this one faith? It is the religion of Jesus believed by man. "Faith cometh by hearing, and hearing by the word of God." (Rom. 10:17) "Go ye into all the world, and preach the gospel to every creature. He that believeth and is baptized shall be saved." (Mark 16:15-16) "God so loved the world, that he gave his only begotten son, that whosoever believeth in him should not perish, but have everlasting life." (John 3:16) "Beloved, while I was giving all diligence to write unto you of our common salvation, I was constrained to write unto you exhorting you to contend earnestly for the faith which was once for all delivered unto the saints." (Jude 3) The one faith is the acceptance of the religion of Christ by man on the terms of the gospel. The one who disbelieves shall be condemned, said Jesus. It is the intention of the one faith to unify all believers in the one body. Where the one faith is exercised by all the believers, there is no difference among them. All differences are on the outside of the Bible, not on the inside. If all had the one faith, there would be no discords. In that case all the believers would accept all that God has said and nothing more. If all the believers accepted all that God has said and nothing more, there could be no differences among them. We are exhorted to be joined together in one mind and in one judgment. (See I Cor. 1:10; John 17:20-21) The greatest hindrance to Christianity today is religious division. Sects and parties are a curse to the world. The one faith should make of the one religion of Christ a united Christendom. That is the intention of the Creator. Following this text of Eph. 4, and in the same chapter, the apostle Paul has this to say: "And he gave some, apostles; and some, prophets; and some, evangelists; and some, pastors and teachers; for the perfecting of the saints, for the work of the ministry, for the edifying of the body of Christ (the church); till we all come in the unity of the faith, and of the knowledge of the Son of God, unto a perfect man, unto the measure of the stature of the fullness of Christ." The purpose of summarizing the religion of Christ under these seven heads, which is the mystical number of a complete unity, to show that the basis has been given for a united religion. Jesus meant his church to be a united church. Manifestly it can never be a united church upon the doctrines and commandments of men, for they divide and destroy. The only way it can be a united church is through a complete return to the religion of the New Testament.

The one faith is more than a mental assent to the proposition of the divine Sonship of Jesus. A mere faith without obedience is not the one faith of Eph. 4:5. "In Jesus Christ neither circumcision availeth anything, nor uncircumcision; but faith worketh by love." (Gal. 5:6) "Yea, a man may say, Thou hast faith, and I have works: shew me thy faith without thy works, and I will shew thee my faith by my works... But wilt thou know, O vain man, that faith without works is dead?" (James 2:18-20) A faith that stumbles at the commands of the Lord is indeed faulty. If it is genuine and deep, whatever the Lord says, one will gladly do. Remember, it is a faith that works by love that avails in Christ Jesus.

## POT-SHOTS FROM McCAULLEY

BY GEO DARDEN

Mr. and Mrs. Dick Maberry have sold their home in McCaulley to Miss Ila and Mrs. A. M. Eivens. The Maberry's will move to Hamlin.

Mr. and Mrs. Luther Maberry and daughters visited Mr. and Mrs. Marvin Maberry on the Glad Acres Farms east of Dallas, last week.

Sim Reeves, of Ft. Stockton, visited relatives in McCaulley over the week end. He returned Sunday, accompanied by his wife and children who have been visiting in this community for two weeks. Mrs. Reeves is the former Lillian Miers.

Ed Mason has been undergoing treatment in an Abilene hospital the past two weeks.

LeRoy Tricks, of Mansfield, Texas, has been visiting Jerry Rush the past few days.

Dixie Maberry, daughter of Mr. and Mrs. George Maberry, is visiting this summer with relatives in Oklahoma City.

In Dallas and Fort Worth on business last Sunday and Monday were Geo. Darden and sons and Nash Miers and son.

Mrs. Ellis Eivens and children have moved back to McCaulley from Fort Worth, for the duration. The husband is in the Army now.

Mrs. John Whitehead, of Rhode Island, is spending the summer with her sister, Mrs. Wayne Webb of McCaulley, and her parents, Mr. and Mrs. Beech Jones of Neinda.

Mrs. Stanley Jackson, of Dumas, Texas, is spending a few days with her husband's parents, Mr. and Mrs. W. C. Jackson. Also visiting in the Jackson home last Sunday were their daughter and family, Mr. and Mrs. Raymond Tanner, of Roby.

Linnie Wheeler Eivens, a Sgt. in the Army who has been in much combat in Italy, has arrived in the States, and will be home within the next few days.

Mr. and Mrs. Ely, of Dalhart, visited in the home of Mrs. A. M. Eivens and Mr. and Mrs. Charley Maberry last week. Mrs. Ely is a sister of Mrs. Eivens. Also visiting in the Eivens home were Mr. and Mrs. Cecil Eivens, of Lubbock.

Mr. and Mrs. Charley Abbott, of Truscott, visited his mother, Mrs. Marshall Abbott, in McCaulley last week.

Mrs. Ora Carruth, of Port Arthur, is visiting her mother, Mrs. Etta Stephenson, and other relatives in this community.

Real estate in McCaulley is changing hands so fast that it is difficult to keep up with all the deals. The old home town is booming; more oil wells are in the making; and all the folks are getting set for a post war world. Bonds were recently voted for a new Gymnasium and Science Hall for McCaulley school. Those wishing to buy or sell had better get started. We still don't have a Chamber of Commerce or a Lions Club, but we do have McCaulley Pot Shots.

Wounded in action in Germany and a winner of the Purple Heart is "Cowboy" Blackwell of McCaulley who is on his way home. He went all through the Italian campaign, came home for a few days, and then shipped over to Germany, where he received his wound and was awarded the Purple Heart.

Friends of Guy Patterson of Fisher County mourn the passing of this good man, civic leader, and well known banker. Mr. Patterson died from a stroke last Friday, while talking to a friend in the bank. Mrs. L. E. Rector, of McCaulley, is a niece.

Mr. and Mrs. Roy Hennington have returned from Ropesville, Texas, where they went to visit Mrs. Ray Martin who underwent major surgery. Miss Ruby Hennington remained at the bedside of her sister until recovery.

Mrs. Etta Stephenson is leaving McCaulley after forty years in our community. Perhaps no other person, living or dead, has contributed as much to this community as has Mrs. Stephenson. She has been a good neighbor, nursed the sick and afflicted, consoled the grief stricken, and perhaps talked with more young and old about their future and Christianity than any other person in our midst.

She is a devout woman who practices what she preaches and one who lives her religion daily. The good that Mrs. Stephenson has done in this community will live on, even though she resides in another community.

Mrs. Stephenson has taught a Sunday School class in the McCaulley Baptist Church for years and years. For a long time, she was the teacher of the men's class; for many years she was teacher of the ladies' class; and for the past year, she has taught the junior boys' class. We heard a ten-year-old boy say the other day: "Now that Mrs. Stephenson is leaving and I can't have her longer for a Sunday School teacher, I want to leave here, too." The little boy's expression is perhaps the sentiment of many grown-ups. Our loss is Hamlin's gain. The community's best wishes go with you, Mrs. Stephenson.

—A-DARDEN-O-GRAM.

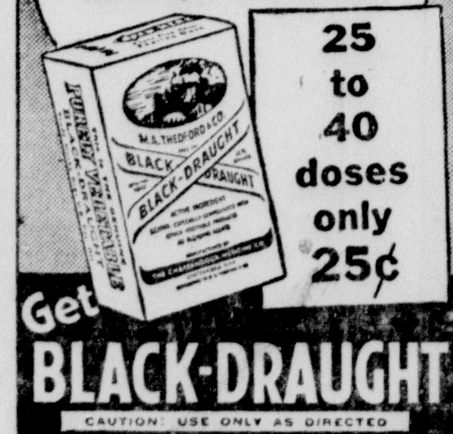

### Farm Loans For Returning Service Men

The Farm Security Administration has been authorized by Congress to lend \$25,000,000 in the next 12 months to returning service men who want to buy family size farms, and will start making these earmarked loans on July 2, through more than 2,000 county offices. Part of an additional \$25,000,000, not restricted for the use of veterans, also may be used to make loans to discharged service men.

The loans, made under terms of the Bankhead-Jones Farm Tenant Act of 1937, can cover the full purchase price of a farm and allow up to 40 years for repayment. They bear interest at 3 per cent on the unpaid balance. Applicants must find for themselves the farms they wish to purchase. Each farm is appraised, and a loan is made only when the purchase price is in line with the farm's actual value, based on its long range earning capacity.
